

Banbridge dental practice raises funds for local school

March 2011

A receptionist at a Banbridge dental practice will be taking part in a cross trainer challenge this Wednesday 16 March in an attempt to raise money for the Donard Special School in Banbridge.

Kate Linton will be on the exercise machine from 10am until 3pm at the Oasis Dental Practice on Church Street, Banbridge. She is inviting local residents to come and donate whatever they can to help raise vital funds for the school which provides special educational learning for pupils between the ages of 3 and 19.

Speaking ahead of the challenge, Kate said:

"It's going to be a tough challenge but I'm really up for raising as much money as I can for the school. I think people will get a shock when they walk past the front of the practice and see me in the window!

"The practice has raised quite a bit of money already ahead of the event, so we're off the starting blocks.

"On a serious note we chose to support the school as it does a fantastic job in supporting local school children who need special education. The team at the practice also wanted to get more involved with projects on more of a local level."
