

New 8am - 8pm dental practice opens in Daventry

16 May 2011

A new dental practice will be opening from 8am to 8pm, seven days a week in Daventry from Monday 16 May 2011.

The Oasis Dental Care practice will offer NHS appointments as well as urgent dental care. It is the fourth 8am - 8pm dental practice to open in the county after Kettering, Corby and Northampton and work is currently under way to open another 8am-8pm dental practice in Wellingborough.

The new 8am-8pm practice is based at 27 High Street, Daventry, NN11 4BG, and will be known as The High Street Dental Practice.

John Parkes, chief executive of NHS Northamptonshire, said: "We are delighted to announce the opening of the new 8am-8pm dental practice in Daventry, which will provide not only routine dental appointments but also urgent care for local people.

"The new practice is in a completely refurbished building which is conveniently located in Daventry town centre. The centre forms part of NHS Northamptonshire's ongoing commitment to improve access to dental services."

Sally Toon, acquisitions integration manager at Oasis Dental Care, who is leading on the project for Oasis, said: "We are very excited to have been awarded the contracts for these 12 hour dental centres and the new Daventry practice provides state-of-the-art facilities, with disabled access and the highest standards of hygiene.

"The new practice will be open from 8am to 8pm, seven days a week, 365 days a year. People will be able to phone the practice or walk in, for same day appointments, receiving urgent dental care when required, or book appointments in advance."

To contact The High Street Dental Practice, call 01327 31079 or email daventry@oasisdentalcare.com.

Notes to Editors

- NHS Northamptonshire is the local leader of the National Health Service. Our job is to assess and provide for the healthcare requirements of the 685,000 people of Northamptonshire. We will spend £975m on their behalf this year to fund, among other things, 83 GP Surgeries, 84 Dental Practices, 115 Pharmacies and 59 Ophthalmic Practices.
- NHS Northamptonshire also commissions and finances the county's Acute care provided by Kettering General Hospital and Northampton General Hospital; East Midlands Ambulance Service; Intermediate care provided by community hospitals; Community-based care provided through NHS Northamptonshire Provider Services; Mental Health and Learning Disability Services provided by Northamptonshire Healthcare NHS Foundation Trust; and Specialist care provided out-of-county by NHS and private suppliers.
